

Around the World- in 10 wonderful years!

WEST TAMAR residents Jim & Linda Collier seized the opportunity to live the dream of sailing around the world when Jim was retrenched from his job at Launceston Airport. They moved on board their 10 metre steel ketch "Liberator of Launceston" and sailed off over the horizon!

Follow their adventures as they crossed the world's oceans and explored inland Europe and North America through the numerous canals and waterways before returning home to Australia through the Panama Canal, the Galapagos and other fabled South Pacific islands.

The Collier's ketch "Liberator' sailing off the Italian coast

Please come along on Friday 20th March 10.30-12noon at our new venue, The Beaconsfield Mine Centre, to hear this adventure story!
